AI JOURNEY

genisys robotics

ENGAGE

LEARN & EDUCATE → MAP OUT AI OPPORTUNITIES → CREATE A ROADMAP

PRE-PRODUCTION AI
4 – 6 WEEKS
Engage your organization to become AI ready. Using a proven collection of methods, we together identify operations that would benefit the most from AI augmentation, and draft an AI roadmap for your organization's growth

SOLUTION

DATA COLLECTION & REFINING → PROOF-OF-CONCEPT → BUSINESS SOLUTION

PRODUCTION-GRADE AI
STARTING AT 2 – 4 MONTHS
Builds and implements AI-powered solutions into your business. It starts off with a lightweight Proof-of-Concept to ensure maximum impact. The solution is then put into deployment using a selection of engineering and Machine Learning tools that best fit your business

TRANSFORM

DEEPEN LOGIC & KNOWLEDGE → EXPAND & INTERCONNECT → SUPPORT & RETRAIN

SERVICE SPECIFIC

In production solution support concept for continuous improvement and maintenance of your AI-powered business solution
